

ADTCon-MC Automotive Data Transmission Connector – Mini Coax

Our USPs

- › Development, production and assembly - all from one supplier
- › Hybrid cable assemblies (FAKRA (ISO 20860-1) – Mini Coax)
- › Assembly of different cable types such as: RTK031 and RG174
- › Customer-specific solutions possible
- › Globally standardized machinery and processes

Your Advantages

- › 180° variant
- › Single-port, double-port and quad-port housings
- › Automated assembly with automated process monitoring
- › Saves up to 70% of installation space

Technical Information

Electrical

Screening attenuation	≤ -50 dB up to 9 GHz
Return loss	≤ -12 dB up to 9 GHz
Crosstalk (NEXT)	≤ -50 dB up to 9 GHz

Mechanical

Engagement force	≤ 55 N
Cable retention force	≥ 110 N
	(depending on cable)
Angled pull	≥ 75 N
Keying efficiency	≥ 150 N
Dynamic load	Load level 2

Environmental

Temperature range	-40 °C up to +105 °C
	(depending on cable)

Requirements

- › Data cables for high-bitrate data transmission according to automotive quality standards while saving installation space and weight.
- › Component tested according to LV 214 / USCAR

Applications

- › Autonomous driving (e.g. LiDAR)
- › Rear seat entertainment
- › Driver assistance system
- › Surround view
- › Display applications

Protocols & Signals

- › LVDS
- › GMSL / FPD-Link
- › APIX
- › CoaXPRESS
- › AM / FM / 5G
- › Bluetooth / Wi-Fi
- › GPS
- › MIPI A-PHY

MD in a Nutshell

The C.A.S.E. megatrend describes the four essential future topics for the automotive industry: Connected, Autonomous, Shared & Service and Electric. Data plays a central role and drives the future of the automotive industry. Data is generated, transferred, merged and evaluated. We are experts in the transmission of the rapidly increasing data volumes and have developed the latest technological solutions for this future topic.

25

years experience
in the automotive industry

100 %

automotive

Supplier of products for
over 350 car models from
more than 60 OEMs

Volume supplier – over
160 million products in more than
20,000 variants annually

Global production- &
sales network in NAFTA,
Europe and APAC

Stable
ownership structure

Worldwide leading
company for data transmission
solutions in vehicles

Approx. 6,000 employees
worldwide

Accredited in-house
test laboratory

Do you have any questions or need a data transmission solution in vehicles?
